20 years

2. What is the research topic you are working on now?

Diabetic nephropathy and primary glomerulopathies

3. What are attributes for a quality article?

Novelty, significance and hypothesis driven

4. Do you have any research funding (NIH or other national funding) now?

Yes

5. When did you become an editor of OMICS Journal?

Invitation

6. Where can the journal find the maximum scope in terms of niche?

Do not know, could focus on experimental therapeutics

7. What is your greatest career accomplishment?

Discovery

8. How does the published scientific content assist the potential researchers?

Not clear

9. What is the purpose of serving as an editor?

Help identifying reviewers and implement peer review

10. Do you have any patents?

Several

11. Have you contributed any editorials or papers (any types) to OMICS

Journals in the past two years?

Yes

12. Do you plan to contribute any editorials or papers to OMICS Journals in the next year?

No

13. How would you define your experience with OMICS Group?

Confusing, I always get assigned manuscripts that are not in my area of expertise

14. Your opinion on conducting Editorial Board meetings at related Conferences?

Great

15. Would you recommend OMICS to your friends or colleagues?

Yes

16. How do you differentiate Journal of Nephrology and Therapeutics with other journals in the field?

Should focus on therapeutics in the field
