

Brief Interview with Dr. Chen Min (Editor)

Journal of Biodiversity, Bioprospecting and Development

1. How many years have you been associated with the current research?

5 years.

2. What is the research topic you are working on now?

Phylogenic analysis of the *Cryptococcus neoformans* / *Cryptococcus gattii* in China.

3. What are attributes for a quality article?

As first author of a SCI article.

4. Do you have any research funding (NIH or other national funding) now?

I have a fund (No.81201269) of National Natural Science Foundation of China now.

5. When did you become an editor of OMICS Journal?

2014-03.

6. Where can the journal find the maximum scope in terms of niche?

Sorry, I do not know!

7. What is your greatest career accomplishment?

Ph.D and MD in our Lab.

8. How does the published scientific content assist the potential researchers?

To contact them by email.

9. What is the purpose of serving as an editor?

To make the journal better in this research region.

10. Do you have any patents?

I have 2 patents in China.

11. Have you contributed any editorials or papers (any types) to OMICS Journals in the past two years?

No.

12. Do you plan to contribute any editorials or papers to OMICS Journals in the next year?

Yes.

13. How would you define your experience with OMICS Group?

I do not know how to define my experience.

14. Your opinion on conducting Editorial Board meetings at related Conferences?

I have no opinion!

15. Would you recommend OMICS to your friends or colleagues?

Yes.

16. How do you differentiate Journal of Biodiversity, Bioprospecting and Development with other journals in the field?

I will differentiate Journal of Biodiversity, Bioprospecting and Development with other journals in the field relying on different impact factors.
