

Brief Interview with Dmytro A. Butov (Editor)

Pulmonary & Respiratory Medicine

1. How many years have you been associated with the current research?

3.

2. What is the research topic you are working on now?

Genetics and immunity recurrence of pulmonary tuberculosis and multidrug-resistant tuberculosis of the lungs.

3. What are attributes for a quality article?

Relevance, reliability of the results and benefits of the practical scientist and doctor in his work.

4. Do you have any research funding (NIH or other national funding) now?

No.

5. When did you become an editor of OMICS Journal?

About two years ago.

6. Where can the journal find the maximum scope in terms of niche?

PubMed, Scopus, Google.

7. What is your greatest career accomplishment?

- 2009 Special Award from the President of the Ukraine for Gifted Youth.
- 2011 Award for the best presentation at 3rd Asia and Pacific Region of the International Union of Tuberculosis and Lung Disease in Hong Kong, July 8-11, 2011.

- 2012 Bill & Melinda Gates Foundation's Global Health Scholarship Award to attend Keystone Symposia on "Drug Resistance and Persistence in Tuberculosis", May 13 - 18, 2012, Kampala, Uganda
- 2012 Scholarship the Government of Ukraine for Young Scientists.
- 2012 Recipient of a Grant from Global Science & Technology Entrepreneurship Program (STEP) from the US Department of State funded through Civilian Research & Development Foundation (CRDF) - the non-profit organization authorized by the US Congress and established in 1995 by the National Science Foundation.
- 2013 Finalist in Global Impact Competition of Central and Eastern Europe & Turkey organized by the Singularity University - a non-profit US foundation in Silicon Valley, whose mission is to educate, inspire and empower leaders to apply exponential technologies to address humanity's grand challenges.
- 2013 Grant Award from the Firland Foundation, Washington University, USA.
- 2013 Award for young scientists competition 2nd Congress of the National Association of TB-Doctors, St. Peterburg, Russia, November 28-30, 2013.
- 2014 Scholarship Award for the abstract to visit the 12th Lung Science Conference European Respiratory Society in Estoril, Portugal, March 21-23, 2014.
- 2014 Bill & Melinda Gates Foundation's Global Health Scholarship Award to attend Keystone Symposia on "Novel Therapeutic Approaches to TB", March 30 - April 4, 2014, Keystone, USA.

8. How does the published scientific content assist the potential researchers?

Recognition of the results.

9. What is the purpose of serving as an editor?

The editor is a big responsibility. Main aim is to give a qualitative assessment of the peer-reviewed work.

10. Do you have any patents?

Yes, 5 Ukrainian patents.

11. Have you contributed any editorials or papers (any types) to OMICS Journals in the past two years?

I'd love to. But I did not get the information you need. One time I got to criticize scientific work, but found it rather late in spam.

12. Do you plan to contribute any editorials or papers to OMICS Journals in the next year?

Possibly.

13. How would you define your experience with OMICS Group?

Very good.

14. Your opinion on conducting Editorial Board meetings at related Conferences?

Not once did not I was.

15. Would you recommend OMICS to your friends or colleagues?

I always recommend and will recommend if I back to the Editorial Board.

16. How do you differentiate Journal of Pulmonary & Respiratory Medicine with other journals in the field?

By publications.
