

Brief Interview with Dr. Jawahar L Mehta (Editor)

Journal of Forensic Research

1. How many years have you been associated with the current research?

30+ years

2. What is the research topic you are working on now?

Most of my research is basic science and some clinical and translational research.

3. What are attributes for a quality article?

Timely topic- well written and focused.

4. Do you have any research funding (NIH or other national funding) now?

Yes.

5. When did you become an editor of OMICS Journal?

A year back.

6. Where can the journal find the maximum scope in terms of niche?

Probably in public health domain.

7. What is your greatest career accomplishment?

I am considered one of the top translational clinician-scientists.

8. How does the published scientific content assist the potential researchers?

Tells you about prior record about scholarship.

9. What is the purpose of serving as an editor?

To guide the journal in a specific direction.

10. Do you have any patents?

Yes.

11. Have you contributed any editorials or papers (any types) to OMICS

Journals in the past two years?

None other than JFR.

12. Do you plan to contribute any editorials or papers to OMICS Journals in the next year?

If requested.

13. How would you define your experience with OMICS Group?

You guys are doing a terrific job.

14. Your opinion on conducting Editorial Board meetings at related

Conferences?

It may be a good idea, but I won't be able to go.

15. Would you recommend OMICS to your friends or colleagues?

Perhaps.

16. How do you differentiate Journal of Forensic Research with other journals in the field?

Don't know of other journals in this field.
