

Brief Interview with Kuzovlev Artem Nikolaevich

(Editor)

Pulmonary & Respiratory Medicine

1. How many years have you been associated with the current research?

6 years

2. What is the research topic you are working on now?

Diagnosis and treatment of acute respiratory insufficiency in sepsis

3. What are attributes for a quality article?

Study design and methodology, good statistics, extensive discussion, most recent references.

4. Do you have any research funding (NIH or other national funding) now?

No

5. When did you become an editor of OMICS Journal?

2011

6. What is your greatest career accomplishment?

Being the head of the laboratory of clinical pathophysiology of critical states.

7. How does the published scientific content assist the potential researchers?

It directs the future investigations.

8. What is the purpose of serving as an editor?

To protect the journal from low-quality research papers.

9. Do you have any patents?

No

10. Have you contributed any editorials or papers (any types) to OMICS Journals in the past two years?

Yes

11. Do you plan to contribute any editorials or papers to OMICS Journals in the next year?

Yes

12. How would you define your experience with OMICS Group?

Good.

13. Your opinion on conducting Editorial Board meetings at related Conferences?

Never participated in it.

14. Would you recommend OMICS to your friends or colleagues?

Yes.

15. How do you differentiate Journal of Pulmonary & Respiratory Medicine with other journals in the field?

Good journal, but it urgently needs indexing in PubMed or Scopus.
