

Brief Interview with Dr. Mohan Siwakoti (Editor)

Journal of Biodiversity, Bioprospecting and Development

1. How many years have you been associated with the current research?

I have been associated in the research and teaching since 30 years in the field of biodiversity and related fields.

2. What is the research topic you are working on now?

I am involved in the research related to invasive alien plant species, flora and vegetation studies.

3. What are attributes for a quality article?

It should be message giving and honest

4. Do you have any research funding (NIH or other national funding) now?

Limited national funding

5. When did you become an editor of OMICS Journal?

Few months ago

6. Where can the journal find the maximum scope in terms of niche?

I am looking

7. What is your greatest career accomplishment?

8. How does the published scientific content assist the potential researchers?

The scientific contents can inspire the younger researchers

9. What is the purpose of serving as an editor?

Contribute for science, mainly to biodiversity

10. Do you have any patents?

No

11. Have you contributed any editorials or papers (any types) to OMICS Journals in the past two years?

Very little

12. Do you plan to contribute any editorials or papers to OMICS Journals in the next year?

Yes

13. How would you define your experience with OMICS Group?

-
14. Your opinion on conducting Editorial Board meetings at related Conferences?

It is good idea

15. Would you recommend OMICS to your friends or colleagues?

Yes

16. How do you differentiate Journal of Biodiversity, Bioprospecting and Development with other journals in the field?

It is going to publish, so I am waiting it.
