

Brief Interview with Dr. Gordon Rausser (Editor)

Journal of Biodiversity, Bioprospecting and Development

1. How many years have you been associated with the current research?

30 years.

2. What is the research topic you are working on now?

Industrialization policy in the renewable energy sector.

3. What are attributes for a quality article?

New discoveries and research on the frontiers of knowledge.

4. Do you have any research funding (NIH or other national funding) now?

Yes, the National Science Foundation.

5. When did you become an editor of OMICS Journal?

Recently.

6. Where can the journal find the maximum scope in terms of niche?

Biodiversity and sustainability.

7. What is your greatest career accomplishment?

National publication awards for enduring quality.

8. How does the published scientific content assist the potential researchers?

To provide the foundation for moving up the frontiers of knowledge.

9. What is the purpose of serving as an editor?

To set peer reviewed standards.

10. Do you have any patents?

Yes, one of which has been issued (US20030033240 A1)

11. Have you contributed any editorials or papers (any types) to OMICS Journals in the past two years?

No.

12. Do you plan to contribute any editorials or papers to OMICS Journals in the next year?

Yes.

13. How would you define your experience with OMICS Group?

Limited.

14. Your opinion on conducting Editorial Board meetings at related Conferences?

To expand the reach of the scholarly enterprise this makes good sense.

15. Would you recommend OMICS to your friends or colleagues?

If high quality standards are maintained, yes.

16. How do you differentiate Journal of Biodiversity, Bioprospecting and Development with other journals in the field?

By publishing high quality research that is unavailable elsewhere.
