

## 2020 Conference Announcement on 2nd International Conference on Cell and Gene Therapy, June 22-23, 2020 | Paris, France

**Clelia Rejane Antonio Bertoncini**

Professor, University of So Paulo, Brazil, E-mail: cleliabertoncini@hotmail.com

Conference series proudly presents Cell gene therapy 2020 which is scheduled to take place in Paris, France on June 22-23, 2020 takes the privilege to invite all the participants, speakers, students, delegates, sponsors, exhibitors from all over the world to attend our conference

Genetics are multidisciplinary fields, interesting and interactive scientific sessions have been designed accordingly for this conference which includes the spreading the concepts and research advances across the globe which will have a great impact in clinical, definite and physiological parts of medicinal and designing.

These events cover wide range of critically important sessions that deals with the current research development in the field of Genetics, Medical Science, Stem Cells, Healthcare, Genetic Engineering & technology and, about the new innovative methods which are forge by scientists to treat various diseases in easier way. These conferences act as a best platform for attendees to learn about the recent trends in Genetic Sciences. You can refresh your insights about the current circumstance.

Our Internal medicine and Hospital management conferences mainly focus on topics such as:

[Cell & Gene Therapy](#), Cell Damage and Adaptation, Market and Future Prospects of Gene Therapy, Cell Science Research, Molecular Basis of Epigenetics, Gene and Cell Therapy for Rare & Common Diseases, Tissue Engineering & Biomaterials, Regenerative Medicine, Cell Therapy of Cardiovascular Disorders, Nanotechnology in Stem Cells, Stem Cell Therapy, Viral Gene Therapy, Gene Editing and CRISPR Based Technologies, Regulatory and Safety Aspects of Cell and Gene Therapy, Markets & Future Prospects for Cell & Gene Therapy, Gene Therapy for Diseases, Cell Biology, Nucleotide-based vaccines, Cancer cells & Biomarkers, Genetics & Genomic Medicine

**Benefits of Attending this Conference:**

- Accepted Abstracts will be published in the respective journals and will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref (Free abstract publishing).
- Speaker and Abstract pages created in Google on your name would get worldwide acknowledgment to your profile and Research.
