

4th World Congress on Petroleum Engineering and Natural Gas Recovery

Mahir Alfarhan,

Process Engineer at Petrochemical process, Basrah, Iraq, E-mail id: alfarhan006@hotmail.com

Conference Series LLC LTD is organizing “4th World Congress on Petroleum Engineering and Natural Gas Recovery” which is going to be held in the month of December 07-08, 2020 Sydney, Australia. The conference offers Prestigious Award for Young Research’s at Petroleum Conference- Gathering the New-born Advances in Petroleum Sciences.

Petroleum 2020 invites research scholars & young scientists, to submit the nominations for Young Scientist Awards: Petroleum 2020. This Petroleum 2020 Young Scientist Awards will be announced at the upcoming “4th World Congress on Petroleum Engineering and Natural Gas Recovery” at on December 07-08, 2020 Sydney Australia.

This [Petroleum 2020](#) is an initiative of Conference Series to recognize and provide incentives to the Young Researchers who has shown great potential at their respective field of research. We at Conference Series always encourage the young budding minds to start their career in the field of research and innovations. The core of our Young Research Forum – Young Scientist Awards is to motivate the scholars to present their research ideas in front of the global experts and enhance their knowledge at our international platform. We at [Petroleum 2020](#) provide the best networking experience to the participant for their overall professional growth and to promote the collaborative research.

Petroleum 2020 Conference will be an investigation of new research Innovation in the field of petroleum sciences and spread the most recent advancements in field. Discussion on new technology advancement in the field of petroleum sciences, current practices in Oil Formation, Advanced Oil and Gas Technologies, Biofuels & Biodiesels, Petroleum and Petrochemicals, Crude Oil, Petroleum, Gas Engineering and more. Detecting Natural gases and other Petroleum, involves a team of healthcare professionals, of which the Oil technologist is a key player. The market is mainly driven by the increasing research funding for [Crude oil](#) from governments and private investors, growing

demand for personalized medicine in the U.S. and Europe, and the increasing need for toxicology testing.

Encounter the target market with members from across the globe, committed to learn about novel technologies and innovations in [Gas Engineering](#). This is the best opportunity to outreach the largest gathering of participants from around the world. Conduct presentations, distribute and update knowledge about the advancements in [Oil formation](#), Petroleum resources, and oil Regeneration and in different fields of Oil formation by receiving name recognition at this 2-days event. World-eminent speakers, most recent researches, latest treatment techniques and the advanced updates in Oil formation are the principal features of this conference.

Past Conference Report:

The “[3rd World Congress on Petroleum Engineering and Natural Gas Recovery](#)” hosted by conference series with the theme, “Essential Innovations in Oil & Gas ”was successfully executed during July 20-21, 2018 Sydney, Australia. The conference offered a unique opportunity to investigators across the globe in order to meet, explore, network and perceive new scientific innovations. The conference received commendable and active participation was received from the Editorial Board Members of OMICS Group Journals as well as from the global scientists, Professors, Academicians, Researcher Scholars and students from diverse fields of Petroleum Science and Bio Technology.

Eligibility Criteria for Young Scientist Awards: Petroleum 2020:

The Petroleum 2020: Young Scientist Awards: is for all young Researchers, Research Scholars (Preferably PhD, Post Doc, and Post Graduates & Graduates) who has involved themselves into the R&D sector. The candidates should have minimum 3+ years of research experience and published minimum 3 research articles in international journals. Part time

researchers can be considered subject to recommended by the research guide or any director level designated person from the organization.

Applications are invited on first come first serve basis. Only 25 nominations will be accepted globally.

Judging Criteria.

Nominated candidates need to present their research or talk for 25-30 minutes in front of the panel members. Subject should be under the scope of the Petroleum 2020 conference. Selection will be on the basis of individual accomplishments, quality & standards of research, noble thought, research methodology, [innovative ideas](#), style of presentation, significance of the contribution to the field, originality, clarity, and future extended scope of the research and probability of bringing the research in terms of products/services into public domain.

Nomination:

We invite online applications from desired candidates, self-nomination or nominated by organizations (both private & public sectors)/research guides. The student must be the first author & the student's advisor should attach a statement that their contribution is primarily advisory.

Candidates applying for the Petroleum 2020: [Young Researcher Award](#) should send their resume, along with a letter of recommendation (from a research adviser/faculty/organization heads) to contact@asiapacificmeets.com. Along with the online application at the OIL GAS CONGRESS 2020 Award page.

Presentation:

This award will be presented at [Sydney](#), during Petroleum 2020 conference.

About Hosting Organization: Conference Series:

Conference Series LLc LTD is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our

30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.
