

Antibiotics 2020

Dinesh Jaiswal

Pharmaceutical Consultant, USA

The awards are presented to the individuals to recognize their continued hard work in bringing the future of drugs to treat many diseases.

The objective of Antibiotics 2020 Awards is to honor brilliance and acknowledge the innovation, hard work and accomplishment of Antibiotics researches and products with an Award, Memento and Certificates.

Our Antibiotics 2020 Conference organizes many interesting sessions for the attendees to give their talk and they are, Keynote presentations, Plenary presentations, Poster presentations, Young Researcher presentations and also Video Presentations. And the presentation awards are offered to admit the individual's capability for making excellent contributions to the field and for the active commitment towards the improvement of this field.

The Antibiotics 2020 Awards is established with the intent of valuing one's contribution to the field and after the idea of supporting and encouraging for more effective participation for the betterment of the industry as a whole. This concept shall encourage all the participants to accomplish more which will, in turn, promote the research networks and could lead towards a policy execution in fostering for a productive tomorrow. Considering the Scores given by the assessment committee and the Meeting Chair, the maximum scoring presentations shall be suggested for the following awards.

The Best Plenary Award

The Best YRF Presentation Award

The Best Poster Award

And considering the roles and responsibilities offered by our corresponding Organizing committee members, we take the huge pleasure in announcing the following awards also,

The Best OCM Award

The Best Keynote Award

Best OCM Award

The Organizing Committee is the chief of our Antibiotics 2020 conference, With their support and contribution, we have organized such an esteemed event. So now it is our great privilege to honor them for their efforts they have contributed to the conference on the whole.

Best Keynote Award

The keynote lecture that has been considered to be the best in the keynote session is awarded the Best keynote Speaker Award. Antibiotics 2020 Conference has a pleasure in respecting the prominent research professionals for their exceptional research works in these fields and provide us with many ideas to build the disease-free environment

Best Plenary Award

This Award is offered for excellent lecture considering every presenter of the meeting, which is the most stimulating, efficient and skilled and is delivered through an impactful, influential and engaging speaker. Based on the scores offered by the Session Chair and Co-Chair for every presentation and Committee member's reading of the papers, the Scientific committee decides which lecture will collect the Best plenary Award.

Best YRF Presentation Award

To recognize the outstanding effort by student participants, the Best YRF Presentation award will be offered for an exceptional presentation of the Antibiotics 2020 conference, and the award winner must be enrolled as a post-graduate student. The award is recommended based upon an absolute standard of brilliance and all student presenters will be counted eligible for this award. But based on the scores provided by the evaluation committee for every presentation of student presenters of the conference, the Conference Chair determines which presentation will collect the Best YRF Presentation Award.

Best Poster Presentation Award

To distinguish the best poster presentation from the poster session, The Antibiotics 2020 conference organizing committee has assigned meeting chair to assess the poster session, The Chair determines which poster presentation will obtain the Best Poster Presentation Award.

The outcome lies with the Session Chair, Evaluation panel and the Conference Chair. The evaluation panel encompasses persons with a sound academic or/and industrial background in the specific subject area.

Once again we welcome all to our CPD Accredited 3rd Global Congress on Antibiotics, Antimicrobials & Resistance Conferences Scheduled at Rome, Italy on June 15-16, 2020 to participate and to engage with the brilliant minds working in this field of researches.
