

## Conference Announcement 2020 International Conference on Metabolomics October 21-22, 2020 Frankfurt | Germany

**Usama El Safy**

*Professor of Pediatrics and Hematology and Oncology Pediatric Dept-Zagazig University-Sharkia Egypt, E-mail: [usama12@yahoo.com](mailto:usama12@yahoo.com)*

With the prosperous completion of our “International Conference on Metabolomics” which was held in Frankfurt, Germany based on the theme- Navigating the future with Metabolomics, we are glad to bring it back with a much refreshed and newer version of the “International Conference on Metabolomics” scheduled for Oct 21-22, 2020 in Frankfurt, Germany.

Prominent scholar and researcher Prof. Usama El Safy, Professor of Pediatrics and Hematology and Oncology-Pediatric Dept-Zagazig University-Sharkia -Egypt, Head of Pediatric Hematology and Oncology unit in Zagazig Health Insurance hospital, Director of Zagazig University Thalassemia Association [ZUTA].

We are contended to various delegate experts, company representatives, exhibitors and other eminent personalities who supported the conference by facilitating active discussion forums. As per the requests from our previous participants we are glad to introduce the International Conference on Metabolomics. The theme for [Metabolomics 2020](#) is: Navigating the future with Metabolomics.

Our aim for this series is to administer an academic feast for all the scientific researchers, technologists, specialists, doctors, clinical trial associates, healthcare professionals, students, deans and leaders to be a forum for extended discussions over assorted specialties and promising aspects in the field of Metabolomics.

The [Metabolomics 2020](#) deliberation focus on Metabolomics and is designed to provide a platform for discussion and networking as well as to share new ideas, advancements and research related to the Metabolomics field. The conference is organized with the motive of accentuating the research with the help of international scientists, Doctors, Medical Professionals and researchers by bringing together all the related experts and professionals under a single summit to emphasize the developments and the future holds of Metabolomics. This Academic event includes prompt keynote presentations,

plenary talks, oral talks, poster presentations, and exhibitions and more. By participating in forums, sharing research and collaborating, the research community will be much benefited. We extend our warmest welcome you all to connect, contribute and collaborate with Metabolomics and researchers/doctors from around the globe.
