

Editorial Highlights for Pharmacoeconomics: open access

Kenneth Stokes

Editorial manager, Pharmacoeconomics: open access

Ph.No: +1-650-618-9889

I am pleased to introduce [International Journal of Pharmacoeconomics: Open Access \(PE\)](#) a rapid peer reviewed Journal which have a key concerns over the health economics related to the most economical and efficient use of pharmaceuticals. Identifies measures and compares the costs and outcomes of pharmaceutical products and services. I am pleased to announce that, all issues of volume 4 were published online well within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online during the year of 2019.

The Journals aims to compares the value of one pharmaceutical drug or drug therapy to another. It plays a significant role in the efficient allocation of resources in healthcare systems with constrained budgets. It covers they key aspects of pharmacoeconomics like [Clinical pharmacy service evaluation](#), Cost Benefit Analysis, Cost Utility Analysis, Cost Effectiveness Analysis, Cost Minimization analysis, Clinical Pharmacy services, Drug code, Health Care Delivery, Patient satisfaction, patient preferences, Pharmacoeconomics Evaluation.

Drug Control Authority is focused as it is an executive body established under the Control of Drugs and Cosmetics Regulations 1984.The main task of this Authority is to ensure the safety, quality and efficacy of pharmaceuticals, health and personal care products.

Quality of life is discussions are also included, as it is the general well-being of the people and societies. It includes a wide selection of contexts, as well as the fields of international development, healthcare, politics and employment. It's necessary not mix up the concept of QOL with a newer growing space of health connected QOL (HRQOL). When we look at HRQOL we in effect look QOL and its relationship with health.

During the calendar year of 2019, PE received a total of 30 manuscript, out of which 26 articles (86%) were rejected in the preliminary screening due to plagiarism or being out of the format and peer review process. During 2019 around 4 articles were subjected for publication after they are accepted in the peer review process. In the 2 issues of Volume 4 published during the year 2019, a total of 4 articles were published (at an average of 2 articles per issue) of which, articles were published from authors all around the world. Globally articles have been accessed by the research scientists and also cited.

During the calendar year 2019, a total of two Editors, seven Reviewers joined the board of PE and contributed their valuable services towards contribution as well as publication of articles, and their valuable reviewer comments will beneficial to publish quality of article in the Journal.

I take this opportunity to acknowledge the contribution of (Dr. Rahul Das) during the final editing of articles published and the support rendered by the editorial assistant, in bringing out issues of PE in time. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of PE, the office bearers for their support in bringing out yet another volume of PE and look forward to their unrelenting support to bring out the Volume 4 of PE in scheduled time.
