

Environmental on Recycling and Waste Management

Olivier Manzi

University Hospital of Kigali, Rwanda, E-mail: cityclearsinternational@gmail.com

Following the success of this Recycling conference, the 7th edition, with pride and pleasure, we announce the next edition, the 8th International Conference on Recycling and Waste Management- Recycling 2020 scheduled to be held in Barcelona, Spain on April 29-30, 2020.

The theme for the 8th recycling congress is Delve into the recycling potentials

Recycling 2020, a two-day meet, aims to assemble passionate minds ranging from frontiers to novices to discover, explore and create prospects to gain a greener, safer and cleaner tomorrow..

Our Recycling conference 2020 focuses to create a medium to connect eminent personalities from different backgrounds of recycling including Biomass and Bioenergy, Food and Catering waste recycling, Chemical waste recycling, E-waste recycling, Plastic waste recycling, Paper recycling, Rubber recycling, Industrial waste recycling, Domestic waste management, Hazardous waste management, Waste to energy, Solid waste management, Recycling Business, Green Technology and so on. This not only helps to spark new research ideologies but also craft a network of high profile and skilled people to protect the future.

The additional tracks for this edition of our waste management conference include Microbial Fuel Cell Technology, Pollution, Effect of 3 R's on climate change, Renewable energy, Oil recycling, Thermal waste recovery and much more. Other factors associated with chronic bronchitis were age, level of education OR; 2.32 (1.93-3.59) and the level of

education OR: 1.66(0.90-3.11).

The Spain recycling conference expects to compile 150+ participants mainly from Recycling Associations, Research Scientists, Recycling Industries, Recycling Researchers, Business Entrepreneurs, Environmental Academia, Ecologists, Green Energy Training Institutes, Chemical Engineers, Environmental Engineers, Waste Management Associations, Chemical Industries.

The scientific contributions towards our Barcelona recycling conference are welcome in the form of oral, video, poster presentations/workshops and seminars/networking sessions/ exhibits. These sessions are designed to evince and enhance the expertise of the attendees.

We truly believe Recycling 2020 conference to attain greater heights and success following the path of Recycling 2019. Recycling 2020 welcomes all the professionals, professors, students, research and environmental enthusiasts, business delegates to venture into complete recycling experience.

Our Conference Series categories seek to acknowledge Scientists, Researcher, Professor, Industrialists, and Students in various scientific fields who are making an outstanding contribution to the world of Science for the better and healthy future.
