

Exploring the Innovations and Excellence in the field of Data Science and Information Technology

Vartul Mittal

Technology & Innovation Specialist, Stanford University, USA, Email: vartulmittal@hotmail.com

Computer Science Engineering is one of the top fields to fame for Engineering and Technology gatherings to benefit CNE Credits. In spite of gigantic advances in Information Technology and Computer Science Engineering, IOT developments we are happy to announce our Data Science & IT 2020, Information Technology, Data Science and Digital Health Summit and Expo which is scheduled on September 17-18, 2020 at Vienna, Austria.

Engineering Meetings and Conferences assume a significant job in process of Computer Science Engineering and Technology which are one of the essential scenes for Academicians, Scientists, Researchers, Students, Scholars, Researchers, Industrial and Business experts to display and get criticism on inquire about, patterns, improvements, assembling and innovation before production, to manufacture joint efforts, and to network and share examine thoughts.

The [Data Science](#) & IT 2020 cover a wide scope of themes identified with creative Data Science, Digital Health and Information Technology applications while concentrating on IoT. The Data Science & IT 2020 offers significant dreams into forefront applications from worldwide specialists, new businesses and the champs of Europe's significant advancement rivalries for IT applications.

Awards Announcement

The meeting offers developing researcher grants to remarkable specialists, uncommon alumni or early academicians who have particular enthrallment towards the gathering topics. The Award endeavors in giving a solid expert improvement open door for early

vocation academicians-meeting specialists in the field, connecting with partners from different pieces of the world, and making systems and long haul relations.

Expert Level

The eligibility criteria for achieving this award is that one ought to have minimum of 20+ years of expertise within the Information Technology and Data Science field

Professional Level

The eligibility criteria for achieving this award is that one ought to have minimum of 10+ years of expertise within the [Information Technology](#) and Data Science field

Scholar Level

Award for the upcoming researchers, scientists and specialists

Women Scientist

Award to energize our women research members through research grants

Outstanding speaker

This respect sees for individual who will show their endeavors, techniques, and plans that have been completed to improve long stretch significance in Information Technology and Data Science field

Best Keynote Speaker

This respect sees for best Keynote speaker who will display their activities, techniques, and plans that have

been executed to improve long haul greatness in

Best Poster Presentation

Best Poster Competition is organized at Conference, to encourage students and recent graduates to present their original analysis.

Outstanding Masters/Ph.D./Post Doctorate thesis work

This honor is perceiving for Masters/Ph.D./Post scholastic degree proposal work Presentation who can show their undertakings and postulation that are

Information Technology and [Data Science](#) field

upheld to upgrade since a long time ago run greatness inside the field of Computer Science Engineering.

You can nominate Merit of the award through on-line.
