Conference Series organized 5th International Conference on Automation and Robotics in Las Vegas, Nevada, USA with a focus on "Exploring Topical Innovations in Bots" where eminent keynote speakers from various reputed institutions made their resplendent presence and addressed the gathering.

Automation and Robotics 2018 witnessed an amalgamation of peerless speakers who enlightened the crowd with their knowledge and confabulated on various new-fangled topics related to the field of Automation and Robotics 2018.

Eduard Babulak acted as moderator for the conference and the introduction was initiated by her followed by the Keynote sessions, plenary speeches, Young Researchers Forum, workshops and poster presentations.

Keynote Sessions by:

- Peter Simon, National Acadmedy of Science, Ukraine.
- Ryspek, Kyrgyz State Technical University.

Workshop by:

Dr. Peter Simon Sapaty, Unified Human – Robotic Societies.

This conference was a path breaking opportunity for Students too, which were given a chance to exhibit their paramount research work through Poster Presentation, young researcher's forum and discuss the same with the exalted scientists.

Conference Series offers its heartfelt appreciation to all the Organizing Committee Members, Moderator, Chairs and Co-Chairs, Speakers, Students, Media Partners and Editorial Board Members of Journal of Advances in Robotics and Automation, International Journal of Innovative Research in Computer and Communication Engineering, International Journal of Advanced Research in Electrical, Electronics and Instrumentation Engineering who supported the conference in every aspect for the awe-inspiring exhibition at the venue.

We once again thank you all for the enormous exquisite response. With the unique feedback from the conference,

Conference Series would like to announce the commencement of the "International Conference on Artificial Intelligence, Robotics & IOT May 11-12, 2020 London, UK".

Book your dates for the upcoming event and I look forward to meet you in UK!!
