

Past Conference Report on Pediatric Neurology and Pediatric Surgery

Marcos Roberto Tovani Palone,

DDS, MSc, Ph.D., Faculty of Medicine of Ribeirão Preto, University of São Paulo, Brazil. E-mail: marcos_palone@hotmail.com

Conferenceseries. LLC takes a great pride in announcing the commencement of 3rd World Congress on Pediatric Neurology and Pediatric Surgery which was held during October 01-02, 2018 at Osaka, Japan. Neuropediatrics 2018 has received a huge response from all across the globe.

The main aim and therefore the categorical intent of promoting the developments of recent perceptions and ideas for exploring the high level of data reached by scientific community on Pediatrics neurology and surgery. The conference was hosted by Conferenceseries. LLC was marked with the attending of young and sensible researchers, speakers, business delegates and proficient student communities.

The conference was organized around the theme "Exploring Trends to Create Healthy Tomorrows for Children". The event implanted a firm relation of upcoming strategies in the field of neurology disease with the scientific community. The conceptual and applicable knowledge shared, will also foster organizational collaborations to nurture scientific accelerations.

This conference brought along Leading World Pediatrics neurology physicians, Neurosurgeons, Neuroradiologists, Clinicians, Professors, Care Specialists, Students and alternative professionals within which several problems in neurology field were mentioned exhaustive to supply up-to-date info to the planet. On the opposite hand, the meeting provided a chance for associate degree open and animated sharing of ideas and experiences.
