

World Pulmonology - 2020 will be held from November 23-24, 2020 at Tokyo, Japan

Dr. Anny Dionne

Associate Dean, Emergency Department Leader Expert, Aspen University, Miami, Florida, E-mail: ted_dy19@hotmail.com

[World pulmonology-2020](#) will gather healthcare practitioners, professors, research fellows, students and Professionals working in the sector of health and other allied fields including vendors or suppliers of equipment, materials, electronic devices, diagnostic devices and representatives from Pharma companies associated with healthcare. [World pulmonology-2020](#) will be gathering hospitals, academia and industry in a single platform.

[The world pulmonology-2020](#) conference composed of well-organized scientific sessions plenary sessions, oral presentation, poster presentation, one to one meeting, networking sessions, e-poster presentation, young Research Forums, B2B meetings, international workshops, symposiums, Industrial sessions, Exhibitor presentation etc.

[Pulmonology Conference 2020](#) is a common platform designed for International medical health professionals and pulmonologists to facilitate the dissemination and application of research findings related to Lungs. The [Pulmonology Conference 2020](#) provides a global forum for discussions about new innovations to International scientists, researchers, doctors, young students as well as business professionals related to pulmonology.

[Pulmonology Conference 2020](#) will enlighten the world with recent advances in pulmonology research and inculcate new ideas about healthy breathing. Moreover, the Pulmonology Conference 2020 provides the participants a great networking with peers. Internationally prominent speakers, the novel techniques, and the modern updates in the lung research fields are the unique attributes of this conference. Pulmonology Conferences, symposiums and Workshops provide a dedicated forum for the advancement, execution and exchange of information about Pulmonology and COPD.

[Pulmonology and Respiratory Medicine 2020](#) provides an excellent opportunity to share views, exchange knowledge and establish research collaborations & networking.

[Pulmonology Conference 2020](#) brings together individuals who have an interest in the field of Respiratory and Pulmonary Diseases relating to diversified topics like COPD, emphysema, asthma, cystic fibrosis, lung cancer, other pulmonary diseases and therapeutics. World pulmonology-2020 welcomes the multidisciplinary medical professionals, clinicians, and researchers associated with the diagnosis, treatment associated with the diagnosis, treatment and management of respiratory diseases and allied fields. This [world pulmonology-2020](#) is the best platform that would help the pulmonologists care professionals to get the insights and latest trends to improve the patient care. All the researchers working in the field of Pulmonology, Asthma, Pneumonia, emphysema, tuberculosis, COPD, lungs diseases, Lung Cancer, complicated chest infections and other allied fields will be of interest.

[Pulmonology Conference 2020](#) Conference will enlighten the participants by providing the latest clinical updates, recent advancements in the arena of pulmonology & Respiratory care. This Respiratory Congress will help the physicians and practitioners globally to share their experience and to adopt the best practices, to strengthen the clinical collaborative research and to network among each other. Eminent Speakers, discussion on novel technologies and modern updates in the lung and respiratory system are the unique attribution of this Respiratory Conference. Dedicating sessions on Pulmonology, Respiratory care, COPD, Asthma will further help the participants to upgrade their knowledge.

Major Scientific sessions: Respiratory Therapy | Respiratory medicine | Respiratory disease specialists | Radiology & Radiotherapy | Behavioral Science | Environmental and Occupational Health | Infectious Disease | Cardiology | Allergy and Immunology | Physiotherapy | Internal Medicine | Nursing
