

Young Researchers Forum - Young Scientist Awards Euro Medicinal Chemistry

Radhey Srivastava

Distinguished Professor of Chemistry, The University of Louisiana Lafayette, USA, E-mail: radhey.srivastava@louisiana.edu

Pharmaceutical Sciences [Conference](#) Committee is glad to announce “12th International Conference on Medicinal Chemistry and Drug Discovery” October 14 - 15, 2020 in Munich, Germany by focus on the theme: “Unveiling Prodigious Discoveries and Exploratory Insights in Medicinal Chemistry & Drug Discovery Pharmaceutical Sciences” Euro Medicinal Chemistry 2020 developments are maintaining their momentum. Pharmaceutical Sciences Conference program delves into strategic discussions.

Euro Medicinal Chemistry 2020 Young Scientist Awards:

Pharmaceutical Sciences Conference Committee is intended to honour prestigious award for talented [Young researchers](#), scientists, Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty in recognition of their outstanding contribution towards the conference theme. The Young Scientist Awards make every effort in providing a strong professional development opportunity for early career academicians by meeting experts to exchange and share their experiences on all aspects of Pharmaceutical Sciences.

Young Research's [Awards](#) at Euro Medicinal Chemistry 2020 for the Nomination: Young Researcher Forum - Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation, only 25 presentations acceptable at the Euro Medicinal Chemistry 2020 young research forum.

Guidelines for Young Researchers Forum

Benefits:

- Young Scientist Award recognition certificate and memento to the winners.

- Our conferences provide best Platform for your research through oral presentations.
- Learn about career improvement with all the latest technologies by networking.
- Young Scientists will get appropriate and timely information by this Forum.
- Platform for collaboration among [young researchers](#) for better development.
- Provide an opportunity for research interaction and established senior investigators across the globe in the field.
- Share the ideas with both eminent researchers and mentors.
- It's a great privilege for young researchers to learn about the research areas for expanding their research knowledge.

Eligibility:

- Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty with a minimum of 5 years of research experience
- Presentation must be into scientific sessions of the conference.
- Each Young Researcher / Young Scientist can submit only one paper (as first author or co-author).
- Age limit-Under 35yrs
- All submissions must be in English.

Euro Medicinal Chemistry 2020 provides best platform to expand your network, where you can meet scientists, authorities and CROs from around the world. It's your time to grab the opportunity to join Euro Medicinal Chemistry 2020 for promoting your research article and to facilitate prestigious award in all categories. In this fame, we look forward for your contribution and

astonishing dedication to make our Euro Medicinal Chemistry 2020 more successful.

Criteria for Selection

- Showcase your research through oral presentations.
- Learn about career development and the latest research tools and technologies in your field.
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research.
- Develop a foundation for collaboration among young researchers.
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe.
- Interact and share ideas with both peers and mentors.
- Opportunity for young researchers to learn about the research areas of their peers to increase their capacity as multidisciplinary researchers.

- Actively distribute information and promote the benefits of education and career matters.

Awards & Rewards:

- Learn about career development and the latest research tools and technologies in your field.
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research.
- Develop a foundation for collaboration among young researchers.
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe.
- Interact and share ideas with both peers and mentors.

Opportunity for young researchers to learn about the research areas of their peers to increase their capacity as multidisciplinary researchers.

Actively distribute information and promote the benefits of education and career matters.
