

## Young Research Forum – Young Scientist Awards: 8th Global Summit on Artificial Intelligence and Neural Networks

**Arindham Chaudhuri**

Director of IIPM Think Tank at Indian Institute of Planning and Management, India, E-mail: [ArindhamChaudhur@gmail.com](mailto:ArindhamChaudhur@gmail.com)

Prestigious Award for Young Research's at [Neural Networks 2020](#): AI - The Next Evolutionary Step in Digital Transformation.

[Neural Networks 2020](#) invites research scholars & young scientists, to submit the nominations for Young Scientist Awards: Neural Networks 2020 This Neural Networks 2020 Young Scientist Awards will be announced at the upcoming 8th Global Summit on Artificial Intelligence and Neural Networks This [Young Scientist Award](#) is an initiative of Conference Series to recognize and provide incentives to the Young Researchers who has shown a great potential at their respective field of research. We at Conference Series always encourage the young budding minds to start their career in the field of Research and Innovations. The core of our Young Research Forum – Young Scientist Awards is to motivate the scholars to present their research ideas in front of the global experts and enhance their knowledge at our international platform. We at Neural Networks 2020 provide the best networking experience to the participant for their overall professional growth and to promote the collaborative research.

### Neural Networks 2020 Conference Young Researchers awards

Neural Networks 2020 gathering will concentrate on the most recent and energizing advancements in every aspect of Artificial Intelligence and Neural Networks investigate which offers an exceptional open door for the members over the globe to meet, arrange, and see new logical developments. The current year's worldwide summit meeting features the subject, "simulated intelligence - The Next Evolutionary Step in Digital Transformation" which mirrors the noteworthy advancement in Artificial Intelligence look into. The two days meeting incorporates oral introductions, notice introductions, workshops, symposiums and extraordinary keynote sessions led by famous and eminent speakers who exceed expectations in the field of AI and Neural Networks.

Neural Networks promises to revolutionize our lives diagnose our health problems, drive our cars and lead us into a new future where thinking machines do things that we're

yet to imagine. Fields like Neural Networks, Machine Learning, Robotics, Evolutionary Computation, Vision, Speech Processing, Expert Systems, Planning and Natural Language Processing. The conference organizers aim is to gather the researchers, academicians and scientists from the field of Neural Networks and Artificial Intelligence community to create an approach towards a global exchange of information on technological advances, new scientific innovations, and the effectiveness of various regulatory programs towards Artificial Intelligence.

Neural Systems 2020 gathering will concentrate on the foremost later and energizing headways in each viewpoint of Manufactured Insights and Neural Systems examine which offers an uncommon open entryway for the individuals over the globe to meet, organize, and see modern coherent advancements. The current year's around the world summit assembly highlights the subject, "recreated insights - The Following Developmental Step in Computerized Change" which mirrors the essential headway in Counterfeit Insights see into. The two days assembly joins verbal presentations, take note presentations, workshops, symposiums and exceptional keynote sessions driven by popular and famous speakers who surpass desires within the field of AI and Neural Networks. Neural Systems guarantees to revolutionize our lives analyze our wellbeing issues, drive our cars and lead us into a modern future where thinking machines do things that we're however to suppose. Areas like Neural Systems, Machine Learning, Mechanical autonomy, Evolution

Neural Networks 2020 Conference Committee is intended to honour prestigious award for talented Young researchers, scientists, Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty in recognition of their outstanding contribution towards the conference theme. The Young Scientist Awards make every effort in providing a strong professional development opportunity for early career academicians by meeting experts to exchange and share their experiences on all aspects of Obesity and related diseases

Young Research's Awards at Neural Networks 2020 for the Nomination: Young Researcher Forum - Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation, only 25 presentations acceptable at the

Neural Networks 2020 young research forum.

Submit your proposals: Neural Networks 2020

Last date for Initial application December 30, 2019 – \$399

Last date for Initial application January 30, 2020– \$499

Last date for Initial application February 28, 2020 – \$599

### Benefits:

- Young Scientist Award recognition certificate and memento to the winners
- Our conferences provide best Platform for your research through oral presentations.
- Learn about career improvement with all the latest technologies by networking.
- Young Scientists will get appropriate and timely information by this Forum.
- Platform for collaboration among young researchers for better development.
- Provide an opportunity for research interaction and established senior investigators across the globe in the field
- Share the ideas with both eminent researchers and mentors.
- It's a great privilege for young researchers to learn about the research areas for expanding their research knowledge.

### Eligibility:

- Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, junior faculty with a minimum of 5 years of research experience
- Presentation must be into scientific sessions of the conference.
- Each Young Researcher / Young Scientist can submit only one paper (as first author or co-author).
- Age limit- Less than 35yrs

- All submissions must be in English.

### Presentation:

This award will be presented at Abu Dhabi during Neural Networks 2020 Conference.

### Prize:

- We will recognize the awardee(s) with a memento, & Certificate of Appreciation followed by special incentive for the next chapter of the conference.
- The prize-winning papers will be considered for publication in the supporting journals subjected to standard review procedures
- Opportunity will be given to be Student ambassador for the subsequent future conferences.

Neural Networks 2020 provides best platform to expand your network, where you can meet scientists, authorities and CROs from around the world. It's your time to grab the opportunity to join Neural Networks 2020 for promoting your research article and to facilitate prestigious award in all categories. In this fame, we look forward for your contribution and astonishing dedication to make our Neural Networks 2020 more successful.

Candidates applying for the Neural Networks 2020: Young Researcher Award should send their resume, along with a letter of recommendation (from a research adviser / faculty/ Organization heads) to <mailto:neuralnetwork@memeetings.com> along with the online application at the Neural Networks 2020 Award page.
