To whom it may concern:

It is a great pleasure to express my sincere interest in continued service in the Journal of Medical Microbiology and Diagnosis as an Editor. I further give my consent to disclose by the journal my affiliation and contact information. I do not have any conflict of interest, which would interfere with this important service for science, medicine and technology communities.

I strongly recommend this journal to be indexed in PubMed Central. I recognize the journal staff and editorial board members for their hard work for the journal to establish its high professional standing. I believe it will be used as an excellent platform for the intellectual communication in the field of science and medicine.

Sincerely,
